

We have recently found that many Lisle High School alumni have developed web sites of their own. We thought it would be a great idea if we became a central location for listing these alumnus' pages, so here are the ones that we have so far. If you know of others, please send their information to us [here](#).

A general Lisle High School Alumni site has been created for all classes of LHS to post pictures, plan reunions, or share information. It can be found at lisle.alumniclass.com
